Testimonials

Highly regarded SQL database expertise

It has been a great pleasure working with Red9. From the get-go I could tell Red9 SQL DBAs knew what they were talking about, and put my mind at ease. **We will be using Red9 going forward for everything database related. I would highly recommend Red9.**

Mike Kennedy
Technical Director
Quicket

Quick, knowledgeable and professional

SQL database integration changes. **Red9, again, did an outstanding job** – was quick, very knowledgeable and professional. This was a second hire, and there will be more!

Emil Kadlec
Owner
Fantasy Sports Publications,

Excellent and trustworthy

The Red9 team is excellent at what they do, and fully trustworthy for your database optimization needs. **We have seen them do wonders and would recommend them in a heartbeat.**
